

EXPERIENCE

Outdoors On The Ave

◀ *Let me dine outdoors and dance to live music in the street again this summer in the U District.*

DID YOU MISS OUT LAST YEAR?

During the pandemic, the safest place to eat and congregate was outdoors, so we temporarily closed one lane to traffic to make room for people to walk, dine, & enjoy the warm weather together. We're bringing it back this year but only on select Saturdays in the summer. *This returning project will:*

- *Help local small businesses recover from impacts of the pandemic.*
- *Attract customers to the U District during the slower summer season.*
- *Promote public space for social interaction to build more resilient, connected, and compassionate communities.*
- *Give a reason to take the train or bike to see live music outdoors.*

▶ *Subscribe to receive the musical line-up for this year.*

Live musical performance in the middle of The Ave last summer.
